OUR SERVICES

We can manufacture custom design artwork subject to Your requirement such as Coffee Table, Bench, Chair, Writing Desk, Wardrobe, Cupboard and more. Our core is metal furniture manufacturing. Therefore our products use basic materials derived from metals, such as: brass, aluminum, copper and steel. However, we can also produce items made from other materials, such as: wood, fabric, leather, shell, synthetic rattan, glass, stone, marble, bamboo, fiberglass and many more. We have wide variety of finishing method. Ranging from antique, polished, natural, chrome, satin, patina and many more. Not to mention various feature such as corrosion resistant, weather resistant, scratch resistant etc.

ABOUT US

The history of Kitta Metalworks began in Juwana, a small town in northern Java where a young craftsman opened a small workshop in 1985. From this humble beginning, now we have 65,000 square feet factory with 100+ skilled craftsmen supplying a wide range of furniture worldwide.

Our craftsmen are highly trained and supported with adequate equipment. Many of them coming to us at a young age by apprenticeship scheme. As they gain experience, they in turn mentor our youngsters thus guaranteeing consistency in every piece of products that we made.

Our Workshop:

Jl. Raya Juwana-Tayu, Desa Langgenharjo, Juwana.
